Research Dissemination

CDUHR-affiliated investigators are a well-traveled group, presenting research at conferences worldwide. This Summer our investigators were especially busy at the College on Problems of Drug Dependence (CPDD) Annual Meeting and the biennial International AIDS Conference (IAC). Over 30 CDUHR investigators were authors on over 25 presentations at CPDD this past June. Folks attending the IAC in Amsterdam in July saw 10 presentations from 16 CDUHR investigators.

New Project from a CDUHR-Affiliated Investigator

Danielle Ompad - HIV Research Capacity Building in the Philippines (funded by Vital Strategies)
Dr. Ompad will be working with the Epidemiology Bureau at the Philippines Department of Health to analyze data from their Integrated HIV Behavioral & Serologic Surveillance Surveys. Analyses will focus on PWID and MSM/transgender women surveys.
